

CAKE MAKERS

DELIVERIES

Deliveries may be arranged from 09:00 on the day of the wedding, or on the day before the event. Follow signs up to the front of Homme House (signposted 'Homme House Weddings'), from where it is possible to unload directly into the house.

Please note that there are several speed bumps and cattle grids along our parkland drive from St. Bartholomew's Church so you may prefer to arrive via our private entrance accessed directly from the A449 (opposite Bodenham Farm).

EQUIPMENT & DIMENSIONS

Our Cake table is a heavy (and cold) antique marble sample table.

If required we can provide a cake knife and either a square or round cake stand.

Cake Table: 68cm diameter, 76cm drop

Square Stand: 36cm/14" wide

Round Stand: 41cm/16" diameter

STORAGE

Cakes can be stored in either a fridge or our 'cold room' prior to assembly on the morning of the wedding.

LABELLING

If the cake is multi-tiered and different flavours, it is very useful if labels are provided to display with the cut cake in the evening (particularly if potential allergens or dietary requirements are involved).

COLLECTIONS

Collections should be arranged for the day after the wedding, or the Monday if easier if the wedding has taken place on a Saturday.
